**Letterbox  
Unit  
Series**

**Surface-mounting box version  
with rainproof cover for 6 front  
panels  
(2 rows of 3 vertical panels)**

Painted sable grey colour.

Dimensions: 806x481.5x343  
(Width X Height x Depth).

The box is combined with a pair of  
stands type 256G, for global dimensions:  
1016x1620x343 mm  
(Width X Height x Depth).

Maximum  
quality in communications

The ELVOX letterbox unit is now available for installations with: flush wall-mounting with front and rear opening, surface wall-mounting with front opening and outdoor on a self-supporting structure that can be fastened to the floor.

Its extreme modularity enables both horizontal and vertical development.

Available for Sound System, Due Fili and DigiBus systems, panels with audio/video cover and call buttons to interface with the audio and video door entry systems. In addition to the panels: speech units, video cameras with speech unit or electronic units according to the type of system (Sound System, Due Fili or DigiBus).

Letterbox  
Unit  
Series

**Surface-mounting box version  
with rainproof cover  
for 3 front panels  
(1 row of 3 vertical panels)**

Painted sable grey colour.

Dimensions: 407x481.5x343 mm  
(Width X Height x Depth).

The box is combined with a column type  
256P, for global dimensions:  
407x1614x343 mm  
(Width X Height X Depth).

Greatest  
distinction and design

The surface-mounting boxes can be combined with the column stands type 256P or a pair of side legs type 256G. The column stand can be used with box type 25A3, for 3 vertical panels in 1 row, while the legs type 256G can be used for boxes with 3, 6, 9 and 12 panels. By using three legs type 256G, one middle and two side ones, it is also possible to combine two outdoor boxes.

Fully  
modular solutions

### Flush-mounting version.

Installing the flush-mounting version of the letterbox requires combining the panels with the casing art. 256S, supplied separately. It is possible to combine a number of casings art. 256S, both vertically and horizontally, using the brackets supplied with the casings.

This casing art. 256S is designed for securing only the front panel or the pair of panels for front and rear opening.

# Letterbox panels

Panel dimensions (WxHxD): 395x153.5x35 mm.  
Letterbox panel hole dimensions (WxH): 334x28 mm.

### Art. 2561/35

Single panel with frame for front opening. Painted sable grey, available in the colours RAL 7035 light grey (type 2561) and brushed aluminium (type 2561/39).

### Art. 2560/35

Single "blank" panel with frame, opening with key but with no letterbox hole. Painted sable grey, available in the colours RAL 7035 light grey (type 2560) and brushed aluminium (type 2560/39).

### Art. 256D/35

Pair of panels with frame, for front and rear opening, using the same key. Painted sable grey, available in the colours RAL 7035 light grey (type 256D) and brushed aluminium (type 256D/39).

All the panels are made with: shockproof and anti-UV copolymer frame, extruded aluminium front door (4 mm thick), protection against removal of contents, front opening with 2 keys that can be duplicated, brass lock and chrome inserts.

The name-tag holders are made of water-repellent material. The audio/video panels are designed for installing audio speech units type 930A, 930D, 930F or video camera with speech unit type 559 and 559C. The panels with call buttons are supplied as standard with push-buttons and LED card for illuminating the name-tag holders.

# Audio/video panels with call buttons

Panel dimensions (WxHxD): 395x153.5x35 mm.

### Art. 25V0/35

Audio/video front panel with no buttons for speech unit or video camera with speech unit. Painted sable grey, available in the colours RAL 7035 light grey (type 25V0) and brushed aluminium (type 25V0/39).

### Art. 25V2/35

Audio/video front panel with 2 buttons for speech unit or video camera with speech unit. Painted sable grey, available in the colours RAL 7035 light grey (type 25V2) and brushed aluminium (type 25V2/39).

### Art. 25V4/35

Audio/video front panel with 4 buttons for speech unit or video camera with speech unit. Painted sable grey, available in the colours RAL 7035 light grey (type 25V4) and brushed aluminium (type 25V4/39).

### Art. 25V6/35

Audio/video front panel with 6 buttons for speech unit or video camera with speech unit. Painted sable grey, available in the colours RAL 7035 light grey (type 25V6) and brushed aluminium (type 25V6/39).

### Art. 25V8/35

Audio/video front panel with 8 buttons for speech unit or video camera with speech unit. Painted sable grey, available in the colours RAL 7035 light grey (type 25V8) and brushed aluminium (type 25V8/39).

# Flush-mounting back box

Dimensions (WxHxD): 380x140x200 mm.

### Art. 256S

Galvanized plate casing, 0.8 mm thick, enables installing the flush-mounting version of the letterbox unit. The casing is supplied separately from the panels and is designed for front/rear opening. Supplied with brackets for modular fastening between casings. Dimensions: 380x140x200mm (Width x Height x Depth)

# Supplementary panels with call buttons

Panel dimensions (WxHxD): 395x153,5x35 mm.

## Art. 2504/35

Supplementary front panel with 4 buttons. Painted sable grey, available in the colours RAL 7035 light grey (type 2504) and brushed aluminium (type 2504/39).

## Art. 2508/35

Supplementary front panel with 8 buttons. Painted sable grey, available in the colours RAL 7035 light grey (type 2508) and brushed aluminium (type 2508/39).

## Art. 2512/35

Supplementary front panel with 12 buttons. Painted sable grey, available in the colours RAL 7035 light grey (type 2512) and brushed aluminium (type 2512/39).

## Art. 2516/35

Supplementary front panel with 16 buttons. Painted sable grey, available in the colours RAL 7035 light grey (type 2516) and brushed aluminium (type 2516/39).

## Art. 256G

Floor stand for outdoor boxes. Use two stands for each box with rainproof cover. For side-by-side boxes, use one stand between the boxes and two stands for the outer sides. Dimensions (WxHxD): 120x1460x400 mm.

## Art. 256P

Column-type floor stand for box with rainproof cover type 25A3. Dimensions (WxHxD): 300x1100x300 mm.

## Letterbox unit stands

Stands for fastening surface-mounting boxes to the floor.

## Box with rainproof cover

Box for installing the surface-mounting or free-standing letterbox unit in combination with type 256G or 256P. Made of aluminium (4 mm thick).

## Art. 25A3

Surface-mounting box with rainproof cover for 3 front panels (1 row of 3 vertical panels). For combining with supports type 256P or a pair of type 256G. Painted sable grey colour. Dimensions (WxHxD): 405x485x345 mm.

## Art. 25B3

Surface-mounting box with rainproof cover for 6 front panels (2 rows of 3 vertical panels). For combining with a pair of stands type 256G. Painted sable grey colour. Dimensions (WxHxD): 805x485x345 mm.

## Art. 25C3

Surface-mounting box with rainproof cover for 9 front panels (3 rows of 3 vertical panels). For combining with a pair of stands type 256G. Painted sable grey colour. Dimensions (WxHxD): 1205x485x345 mm.

## Art. 25D3

Surface-mounting box with rainproof cover for 12 front panels (4 rows of 3 vertical panels). For combining with a pair of stands type 256G. Painted sable grey colour. Dimensions (WxHxD): 1605x485x345 mm.

# Installing the letterbox unit

in outdoor version on self-supporting structures that can be fastened to the floor

## Panel colour

^  
Painted sable grey (.../35)

^

^  
Brushed aluminium (.../39)

Letterbox  
Unit  
Series

# Possible combinations

## of the letterbox unit

Installing the letterbox unit with self-supporting structures requires one of the following boxes: type 25A3, 25B3, 25C3, 25D3. It is in any case possible to join a number of outdoor boxes as shown in the following example. There are 2 supporting models for free-standing installation: type 256G side legs type, type 256P column type. Type 256P is recommended only for type 25A3.

Article	Total number of panels	Number of panels horizontal x vertical	Outdoor box dimensions Width x Height x Depth (mm)	Dimensions with type 256G (mm)			
				A	B	C	D
25A3	3	1 x 3	407 x 481,5 x 343	547	617	1620	343
25B3	6	2 x 3	806 x 481,5 x 343	946	1016	1620	343
25C3	9	3 x 3	1204 x 481,5 x 343	1344	1414	1620	343
25D3	12	4 x 3	1597 x 481,5 x 343	1737	1807	1620	343

Article	Total weight of outdoor boxes, panels and stands type 256G (kg)	Total weight of outdoor boxes, panels with stand type 256P (kg)
25A3	53	25
25B3	64	/
25C3	74	/
25D3	84	/

### Note

The ELVOX surface-mounting letterbox unit with self-supporting structures, which can be fastened to the floor, needs a ground base that can withstand the weight. It is therefore recommended to arrange for a base structure of suitable dimensions for the size and weight of the letterbox unit. The following table is merely an example and gives some particular characteristics such as weight and size.

Type 25A3 + 2 x type 256G + type 25V2/35 + 2 x 2561/35

Type 25B3 + 2 x type 256G + type 25V6/35 + 5 x 2561/35

Type 25C3 + 2 x type 256G + type 25V8/35 + 8 x 2561/35

Type 25D3 + 2 x type 256G + type 25V2/35 + type 2508/35 + 10 x 2561/35

Type 25A3 + type 25C3 + 3 x type 256G + type 25V2/35 + type 2508/35 + 10 x 2561/35
